

## Easy Access to EMS

For further information, contact one of our electronic media technical specialists to discuss your CD-ROM and multimedia production needs:

Voice: (703) 487-4672  
Fax: (703) 487-4678  
Web Site: <http://www.ntis.gov/ems.htm>  
e-mail: [ems@ntis.fedworld.gov](mailto:ems@ntis.fedworld.gov)

We'll be happy to send you a Media Specifications Questionnaire, sample interagency agreement, and answer any questions you might have about our services. We can also visit your agency, or take you on a tour of ours, and discuss your electronic media needs one-on-one.

EMS has been a recognized leader in federal electronic information production and distribution since 1989

---

Our experienced team of project managers and contractors can help your agency meet all its electronic media needs on time and within budget.

### You'll find it easy to work with EMS

EMS' provides professional project coordination and consultation services for client agencies

Flexible interagency agreements and deposit account services preclude traditional governmental procurement and payment procedures. Federal agencies are now able to retain EMS' services and acquire their electronic media products and services faster and hassle free.

EMS' Project Managers do the work for you!

### EMS' value-added services include

- ★ Personalized, partnership approach to business
- ★ High volume manufacturing
- ★ Specialty printing and packaging
- ★ Product assembly, storage and distribution
- ★ Professional marketing opportunities
- ★ Public sale availability
- ★ Ongoing fulfillment capabilities

EMS offers unmatched levels of experience, flexibility and a full range of quality electronic media services to agencies looking for solutions

---
